

# RECYCLE YOUR NITRILE GLOVES

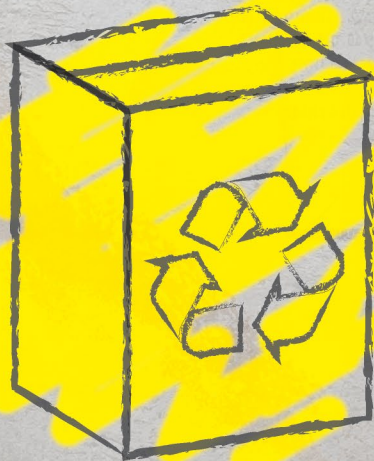

## SAS SAFETY CORP DRIVES ENVIRONMENTAL RESPONSIBILITY

and supports sustainable resource management by reducing pollution, mitigating climate change, and generating renewable energy.

This nitrile glove recycling initiative supports global sustainability through landfill diversion, CO<sub>2</sub> emissions capture, and green energy creation.

## HOW IT WORKS

1. Grab a box

2. Collect used disposable nitrile gloves

3. Ship & Recycle

Each year, you'll receive a tailored sustainability report with metrics showing how your recycling efforts have driven landfill diversion, CO<sub>2</sub> reduction, and green energy generation.

## DID YOU KNOW?

Every month, 65 billion pieces of disposable gloves are discarded worldwide. At an average of 4 grams a piece, that equals to 260,000 tons of waste.

## IT TAKES MORE

than 100 years for disposable gloves to break-down in a landfill.

CONTACT YOUR LOCAL SAS DISTRIBUTOR TO FIND OUT HOW YOU CAN RECYCLE YOUR NITRILE GLOVES!
